

Dear \_\_\_\_\_,

Knowing you is the greatest thing that happened in my entire existence. I never realized how happy and complete I am with you by my side, you don't even need to do anything. The thought of you staying by my side reassures me and gives a whole new meaning to my life.

Every sound of your voice is like music to my ears, a serene lullaby that lulls me to sweet daydreams. When I gaze into your soulful eyes, I could see a brighter tomorrow. The soft whispers of your enchanting voice lift my empty spirits and calm my weary thoughts. Your beaming smile chases all my worries and uncertainties away. Your warm embrace puts me in a trance of sweet lullabies and melody. The moment that I hold your hand, I know right away that you are the one that I want to spend the rest of my life with.

No words could ever express the glee that I'm experiencing right now. I couldn't even start to fathom how blessed I am to have you in this life. In any other lifetime, I'd still choose to fall in love with you. I thank God for bringing you to my life. You gave a new meaning to my existence and I could not imagine a life without you in it. You and I were made to be together, forever. Loving you was the most special thing that ever happened to me. You have a very special place in my heart and no one could ever replace that, be it in this lifetime, or any other lifetime. When I'm with you, everything feels so right and I feel really blessed. I cherish every single day that we spend together.

Much Love,
