

Miss,

Thank you for your patience. Thank you for your time. Thank you for helping me with my homework. Thank you for setting me homework. Thank you for staying behind to help me, even when I know there are lots of other places you'd rather be. Thank you for keeping me company on camp when no one else was there. Thank you for not embarrassing me in front of my friends. Thank you for explaining things until I understand. Thank you for making me do my best. Thank you for being my teacher.
