

A Very Merry Christmas Greeting to You

Please handle this letter with care

My Dear Edward,

Ho-Ho-Ho, it's almost Christmas! The elves have completed all of the orders for toys, the North Pole Green Earth Fairies updated my sleigh to make it more environmentally friendly and all of the reindeer have been exercising 30 minutes every day to get back to their flying weights. Everything seems to be on schedule for December 24th.

As I looked over my naughty and nice lists for a second time, I was very impressed with how you've taken out the garbage without too much complaining.

Your teacher, Mr. Beckner, reminded me that you've been studying very hard this year too. Well done!

So, if you promise to take good care of it and to be a very responsible owner, I will be bringing you a red bike.

I'm looking forward to visiting your home in Knoxville. As always, the "Santa Stop Here" sign will show the way.

Remember to keep the spirit of Christmas in your heart every day of the year.

Wishing You a Very Merry Christmas,
Santa Claus
